YKK

Little Parts. Big Difference.

Security System

DL Slider is newly developed for Coil chain.

There is a hole in the slider head which enables you to use a padlock.

This slider can be engraved with the customer's LOGO on the back.

CIFC-5* DL1 3NTZNO X8G/DL1 3NTZNO X8G P16 CROWN-POL1 N-ANTI SLISH-H 2BS-IPOM

DL Slider variation: 5SG / 8SG / 5CN

Personalization: Slider back side logo is possible, but a new mould will need to be made.

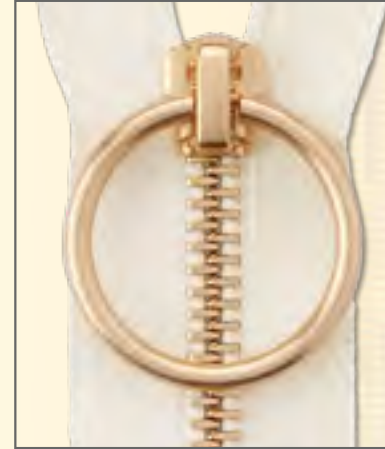

Applications:

PERFORMANCE

Direct Ring Puller

A newly developed large ring puller with a diameter of 32mm. that can be directly attached to ZA and DAZ sliders. This ring does not interfere with sewing as it can be delivered separately and placed with one-touch installation.

Direct ring puller Size: N.5 Only

Available Slider combination: N.5 ZA1 / N.5 DAZ for SG, M, CN, VS

Not available Slider combination: N.5 DA8

*This puller works to return to the correct position by devising the shape of back mounting part.

Tape for light operating force: PW14N for N.5 / PW17N for N.8

Applications:

SGOC-56 ZA1 ONE YEB PW14N ELITYBA N-ANTI T-B-YEB

PERFORMANCE
